

PRODUCT DISCONTINUATION NOTICE

Blickfeld LiDAR Cube 1 Series

Blickfeld announces the discontinuation of its Cube 1, Cube Range 1, and Cube 1 Outdoor products as part of our commitment to delivering the most innovative and effective solutions.

Transitioning to Next-Generation Technology

The Cube 1 series has been a cornerstone of Blickfeld's product lineup, serving diverse industries and applications. With our next-generation smart sensors, including Qb2 and QbProtect, we now offer advanced solutions designed to meet modern demands in security, industrial automation, and beyond. These cutting-edge products deliver enhanced performance and capabilities for the future.

Important Dates

To support your transition:

- Final Purchase Orders: Accepted until March 31, 2025
- Support: Contact our team for integration guidance or product evaluations.

How We Can Help

Our dedicated sales and support teams are here to:

- Assist with final orders.
- Provide detailed product information.
- Guide you through evaluating and integrating our next-generation sensors into your projects.

Stay Connected

We value your trust in Blickfeld and are committed to supporting your success—both with existing designs and future projects.
